## Take a look inside...

Want to learn more about how your home's heating and cooling system operates? Take the interactive Rheem Virtual Home Comfort Tour online at [RheemAC.com/VirtualTour](http://RheemAC.com/VirtualTour).

## Features and Benefits:

### Rheem Green is More Than Skin Deep

At Rheem, green is much more than the patented *Neutra Green™* color of our products, which blends so well into landscapes. Beneath our green exterior is a full line of energy efficient, highly dependable, environmentally friendly products. Our high-efficiency air handlers are designed to use less energy, and they meet or exceed world environmental standards.

### Lower Energy Costs

The heart of your Air Handler is the blower motor. That's why this Rheem air handler features a GE<sup>®</sup> ECM<sup>®</sup> blower motor – widely recognized as the industry leader for energy savings, performance and durability. It also slowly ramps its speed up for quiet operation and enhanced customer satisfaction. In addition, the ECM blower motor can enhance the SEER rating of the outdoor unit in most applications.

### Humidity Control

Your system can improve your level of home comfort by adjusting the humidity level, which provides you and your family healthier air and lower static electricity levels.

### Flexible Installation Options

The versatile four-way design of the Rheem Air Handler (upflow, downflow, horizontal left and horizontal right applications) allows our unit to fit in with the design of your home.

### Efficient Cooling

The indoor cooling "N-Coil" provides lower airflow resistance which results in high performance in an extremely compact size.

### Optional Electric Heat

Field-installed auxiliary heater kit includes circuit breakers that also meet UL and cUL requirements as a service disconnect switch.

### Durable Cabinet

Our sturdy steel cabinet protects your Rheem unit from accidental bumps and bruises.

### Serviceability

Service time and expense are kept to an absolute minimum. In addition to having one of the smallest overall profiles in the industry, your Rheem Air Handler has been engineered to provide your technician easy access to all internal components.

## Limited Warranty Information

Rheem supports its equipment with strong warranties and dependable, professional service. That's why Rheem backs the RHPN Air Handler with a generous 10-year Limited Parts Warranty.

## Protection You Can Count On

While your Rheem equipment is incredibly dependable and covered by an outstanding warranty, you can extend your warranty coverage with Protection Plus<sup>®</sup> extended service protection. Then you can relax and enjoy the comfort of your Rheem Air Handler – without worrying about the cost of parts or labor for unexpected repairs. Ask your contractor about the variety of Protection Plus plans now available. For more information, call 1-877-276-4294 or visit [www.protectionplusonline.com](http://www.protectionplusonline.com).

## KwikComfort<sup>®</sup> Financing

Ask your Rheem contractor about *KwikComfort<sup>®</sup> Financing*, the easy and convenient way to finance everything associated with your Rheem equipment – your original equipment, all subsequent service, Protection Plus<sup>®</sup> extended service protection, and even the comfort options you might choose to add later.
